SPEAKER: Senator Simpson, Senator Snyder do you object to the assignments?

SENATOR SNYDER: Yes.

SPEAKER: Okay.

SENATOR SIMPSON: Mr. President I would move to re-refer LB 448 from urban affairs to government and military affairs. The reasoning behind this is that we are up against a dead line in that if we can get this bill passed, we would like to have it take effect for elections this year. I have checked with the committee Chairman and urban affairs would not be able to hear it and there would be no way you could line up a public hearing next week, Government and military affairs could do this and we must have this bill passed the first week of March and signed by the Governor if it would be effective. For this reason I'd ask that it be re-referred.

SPEAKER: Senator Snyder, we have before us the motion to re-refer LB 448.
